

Do you have web-aphobia?

Are you scared of words like... html, cms vs. static, seo, organic search, google rankings, Flash module, swf or animated gif, sponsored links or e-commerce... Web jargon can be intimidating, but we can help simplify the process.

1. Existing Site Review: site mapping, domains, content, graphics
2. Website Design & Development: new or existing sites
3. E-news/E-mail Marketing
4. Hosting Solutions (including cms options)
5. Web Banner Ads: static or animated
6. Landing Pages
7. SEO/Keyword Options
8. Flash Modules

Ask about our **FREE**
web review service.

Keep your site fresh

Here are several ways to make regular updates to your website:

1. Add a News Column – Include: new product/service announcements, new contracts secured, new hires and more.
2. Add or Update a Flash Intro
3. Update the FAQ Section – You are likely asked the same types of questions by customers and potential customers.
5. Include Your Monthly Newsletter as a PDF
